International Journal of Cardiology, 28 (1990) 395–398
Elsevier

Contents Volume 28

Number 1

REVIEW

Endomyocardial fibrosis – the possible connexion with myocardial levels of magnesium and cerium, *S.M. Valiathan and C.C. Kartha (India)* 1

ORIGINAL STUDIES

CARDIOLOGY IN THE YOUNG

Common atrioventricular valve guarding double inlet atrioventricular connexion: natural history and surgical results in 76 cases, *J.I. Stein, J.F. Smallhorn, J.G. Coles, W.G. Williams, G.A. Trusler and R.M. Freedom (Canada)* 7

Cross-sectional echocardiography in the diagnosis of atrioventricular septal defect, *A. Cabrera, E. Pastor, J.-M. Galdeano, C. Modesto, J.-A. Cabrera, J. Alcibar and R. Peña (Spain)* 19

CARDIOVASCULAR RESEARCH

In vitro autoradiographic localization of binding to angiotensin receptors in the rat heart, *A.M. Allen, H. Yamada and F.A.O. Mendelsohn (Australia)* 25

CLINICAL CARDIOLOGY

Ventricular arrhythmias and left ventricular myocardial function in chronic chagasic patients, *H.A. Carrasco, L. Guerrero, H. Parada, C. Molina, E. Vegas and R. Chuecos (Venezuela)* 35

The prognostic value of right atrial pacing after acute myocardial infarction, *J.A. Martínez Martínez, E. Mele and L. Suárez (Argentina)* 43

Transcutaneous oxygen tension in the leg during exercise in patients with chronic cardiac failure, *J.S. Elborn, M. Riley, C.F. Stanford and D.P. Nicholls (Northern Ireland)* 51

IMAGING

Doppler echocardiography in aortic stenosis: feasibility and clinical impact, *C. Shub, A.J. Tajik, D.R. Holmes, Jr., G.S. Reeder, W.K. Freeman, D.M. Ilstrup and H.C. Smith (U.S.A.)* 57

Limits of reproducibility of cross-sectional echocardiographic measurement of left ventricular ejection fraction, *J. Fast and S. Jacobs (The Netherlands)* 67

Magnetic resonance imaging of the great arteries in infants, *J.M. Parsons, E.J. Baker, A. Hayes, E.J. Ladusans, S.A. Qureshi, R.H. Anderson, M.N. Maisey and M. Tynan (U.K.)* 73

Mitral regurgitation: parameters that affect the correlation between Doppler echocardiography and contrast ventriculography, *R.A. Gal, Y. Shalev and D.H. Schmidt (U.S.A.)* 87

Prediction of cardiac events after uncomplicated myocardial infarction by cross-sectional echocardiography during transesophageal atrial pacing, *S. Iliceto, C. Caiati, A. Ricci, A. Amico, G. D'Ambrosio, G.M. Ferri, M. Izzi, R. La Gioia and P. Rizzon (Italy)* 95

BRIEF REPORTS

Acceleration of conduction within an accessory pathway with propafenone, *A.N. Sulke, P. Holt and G.E. Sowton (U.K.)* 105

Obstruction of the left ventricular outflow tract in childhood – improved diagnosis by transoesophageal echocardiography, *O. Stümper, N.J. Elzenga and G.R. Sutherland (The Netherlands)* 107

Unusual thrombi in the setting of rheumatic heart disease, *J.C. Mohan, M. Nigam and R. Arora (India)* 110

Totally anomalous pulmonary venous connection in an infant with tricuspid atresia, *M.L. Garrick, R.D. Siewers and F.S. Sherman (U.S.A.)* 113

Coronary arterial aneurysm after percutaneous transluminal coronary recanalization with streptokinase, *M.-F. Chen, C.-S. Liau and Y.-T. Lee (Taiwan, R.O.C.)* 117

Endomyocardial fibrosis in dermatomyositis, *M.A. Rossi (Brazil)* 119

Cross-sectional echocardiographic diagnosis of discrete subaortic stenosis, ruptured congenital aneurysm of the right sinus of Valsalva, unruptured aneurysm of non-coronary sinus and a rudimentary left aortic leaflet, *J.C. Mohan (India)* 122

Letter to the Editor 127

BOOK REVIEWS

Commonsense Cardiology, *by G. Strube and G. Strube, reviewed by R.H. Anderson* 129
A Colour Atlas of Diagnostic Investigation in Cardiology, *by S. Walton et al., reviewed by J. Dean* 129
Generation and Interpretation of the Electrocardiogram, *by R. Paine, reviewed by J. Dean* 129
Books Received 130

Meetings and Courses 133
Information for Authors 135
Announcement from the Publisher iii

Number 2

EDITORIALS

Why so many congresses? Do we really have to go to this one?, *P.G. Hugenholtz (Switzerland)* 137
Cardiac amyloidosis, *R.A. Kyle and M.A. Gertz (U.S.A.)* 139

REVIEW

The metabolic effects of diuretics and other antihypertensive drugs: a perspective as of 1989, *E.B. Raftery (U.K.)* 143

ORIGINAL STUDIES

CARDIOLOGY IN THE YOUNG

Rehabilitation of children after total correction of tetralogy of Fallot, *A. Calzolari, A. Turchetta, G. Biondi, F. Drago, C. De Ranieri, G. Gagliardi, I. Giambini, S. Giannico, A.M. Kofler, F. Perrotta, A. Santilli, P. Vezzoli, P. Ragonese and C. Marcelletti (Italy)* 151
External pacing for the termination of sustained supraventricular tachycardia in children, *B.P. Grubb, P. Temesy-Armos, H. Hahn and L. Elliott (U.S.A.)* 159
Relationship between heart rate and rhythm, and cardiac performance assessed in the human fetus in utero, *T. Koyanagi, K. Hara, S. Satoh, T. Yoshizato and H. Nakano (Japan)* 163
Aggregation of platelets in whole blood from children with pulmonary hypertension, *A.A.B. Lopes, N.Y. Maeda, M. Ebaid and D.A.F. Chamone (Brazil)* 173

CARDIOVASCULAR RESEARCH

Comparison of angiographic methods for the assessment of the extent of experimental anterior myocardial infarction in dog hearts, *I.K. Jang, F. Van de Werf, J. Vanhaecke, A. Aubert and H. De Geest (Belgium)* 179
Cardioprotective effects of *N*-acetylcysteine: the reduction in the extent of infarction and occurrence of reperfusion arrhythmias in the dog, *J. Šochman, J. Kolc, M. Vrána and J. Fabián (Czechoslovakia)* 191

CLINICAL CARDIOLOGY

Exercise capacity, arrhythmias, humoral and chemical parameters during long-term therapy with xamoterol, *H.-H. Erlemeier, W. Kupper and W. Bleifeld (F.R.G.)* 197
Intravenous streptokinase in the management of a subset of patients with unstable angina: a randomized controlled trial, *R.K. Saran, K. Bhandari, V.S. Narain, R.C. Ahuja, V.K. Puri, R. Thakur, S. Dwivedi and M. Hasan (India)* 209
Electrocardiographic diagnosis of left ventricular hypertrophy in the presence of left bundle branch block: a wasted effort, *P.V. Fragola, C. Autore, G. Ruscitti, A. Picelli and D. Cannata (Italy)* 215
Contribution of atrial contraction to left ventricular filling in patients with sick sinus syndrome on AAI pacing, *J.C. Mohan, V. Bajaj, K.K. Sethi and R. Arora (India)* 223

IMAGING

The use of colour Doppler in fetal echocardiography, *G.K. Sharland, S.K. Chita and L.D. Allan (U.K.)* 229
Improved subtraction technique in intravenous digital left ventriculography: comparison with radionuclide studies, *F. Brunotte, G. Prieur, A. Hueber, L. Hennequin, P.M. Walker, E. Aliot, J. Robert, P. Bernadac and J.M. Gilgenkrantz (France)* 237

PATHOLOGY

Myocardial and endocardial involvement in tuberculous constrictive pericarditis: difficulty in biopsy distinction from endomyocardial fibrosis as a cause of restrictive heart disease, *T. Dave, J.P. Narula and P. Chopra (India)* 245

BRIEF REPORTS

Isolated transarterial percutaneous mitral valvoplasty: the double balloon technique, *J.R. Büchler, E. Armelin and W.A. Pimentel (Brazil)* 253

Steroid responsive cardiomyopathy, *C.S.J. Probert, I. Pavord and J. Roland (U.K.)* 257

Dangerous recurrence of arrhythmia following withdrawal of flecainide, *I.A. Murdoch, K.A. Priestley and J.M. Parsons (U.K.)* 259

Ventriculo-atrial shunt causing tricuspid endocarditis: its percutaneous removal, *C.M. Bellamy, D.H. Roberts and D.R. Ramsdale (U.K.)* 260

Aortopulmonary shunt with replacement of a common atrioventricular valve in a patient with double inlet ventricle, *Y. Shimoyama, S. Takeuchi and H. Imamura (Japan)* 263

Endocarditis due to *Streptococcus agalactiae*: a favorable outcome with conservative treatment, *A. Guijarro-Morales, N. Ortego-Centeno and A. Maldonado-Martín (Spain)* 267

Contraindication to thrombolytic therapy in accidental hypothermia simulating acute myocardial infarction, *A. Glusman, K. Hasan and N. Roguin (Israel)* 269

BOOK REVIEWS

Perspectives in Pediatric Cardiology,, *edited by G. Crupi et al., reviewed by J.H. Moller* 273

Pulmonary Vascular Physiology and Pathophysiology, *edited by K. Weir and J.T. Reeves, reviewed by S.G. Haworth* 273

Complications of Cardiac Catheterisation and Angiography, *edited by J. Kron and M.J. Morton, reviewed by J. Dean* 274

Cardiac Rehabilitation, Adult Fitness and Exercise Testing, *by P.S. Fardy et al., reviewed by R. Wray* 274

Meetings and Courses 277

Information for Authors 279

Number 3

REVIEW

Atherogenesis and the coronary arteries of childhood, *H. Davies* 283

ORIGINAL STUDIES

CARDIOLOGY IN THE YOUNG

Correlation between gallium-67 imaging and endomyocardial biopsy in children with severe dilated cardiomyopathy, *P.R. Camargo, R. Mazzieri, R. Snitcowsky, M. De Lourdes Higuchi, J.C. Meneghetti, J. Soares Jr, A. Fiorelli, M. Ebaid and F. Pileggi (Brazil)* 293

The potential value of transoesophageal evaluation of individual pulmonary venous flow after an atrial baffle procedure, *R. Kaulitz, O. Stümper, A.G. Fraser, A. Kreis, B. Tuccillo and G.R. Sutherland (The Netherlands, F.R.G.)* 299

CARDIOVASCULAR RESEARCH

Pharmacologic modifications of reperfusion arrhythmias in the dog in vivo: possible relation to limitation of the extent of infarction, *E.A. Conorev, D.V. Rudnev, L.A. Conorev, V.Y. Polumiskov and A.P. Golikov (U.S.S.R.)* 309

Right versus left ventricular stimulation: influence on induction of ventricular tachyarrhythmias in dogs, *G.B. Hunt and D.L. Ross (Australia)* 317

CLINICAL CARDIOLOGY

Prevalence and extent of right ventricular dysfunction after myocardial infarction – relation to location and extent of infarction and left ventricular function, *M. Pfisterer, H. Emmenegger, J. Müller-Brand and F. Burkart (Switzerland)* 325

Coronary angioplasty in patients with prior coronary artery bypass grafting, *T.M. Kolettis, H.C. Miller and D.P. De Bono (U.K.)* 333

Enalapril as initial and sole treatment in severe chronic heart failure with sodium retention, *I.S. Anand, G.S. Kalra, R. Ferrari, P.L. Wahi, P.C. Harris and P.A. Poole-Wilson (India, Italy, UK)* 341

Clinical use of transoesophageal atrial stimulation in terminating ventricular tachycardia, *S. Favale, F. Minafra, G. Amodio, M. Tritto, V. Massari and P. Rizzon (Italy)* 347

HYPERTENSION

Office blood pressures in supine, sitting, and standing positions: correlation with ambulatory blood pressures, *P.K. Zachariah, S.G. Sheps and A.G. Moore (U.S.A.)* 353

PATHOLOGY

Coronary arterial wall and atherosclerosis in youth (1–20 years): a histologic study in a northern Italian population, *A. Angelini, G. Thiene, C. Frescura and G. Baroldi (Italy)* 361

BRIEF REPORTS

An arterial duct associated with a congenital anomaly of the coronary arteries: persistence of a murmur after ligation of the duct, *W.H. Chow, Y.T. Tai and W.T. Lee (China)* 371

Coronary arteriovenous fistula in tetralogy of Fallot: an unusual association, *A. Saxena, S. Sharma and S. Shrivastava (India)* 373

Regression of outflow tract obstruction subsequent to treatment with verapamil in hypertrophic obstructive cardiomyopathy, *F. Frandsen and H. Mickley (Denmark)* 375

Characteristics of silent and painful ischaemia during ambulatory monitoring in patients with coronary arterial disease, *D. Mulcahy, J. Keegan and K.M. Fox (U.K.)* 377

Failure of Doppler ultrasound to detect coarctation of the aorta, *P.J. Scott, G.A. Wharton and J.L. Gibbs (U.K.)* 379

Pressure-related ventricular tachycardia, *D.A. Sideris, S.G. Rokas and D.A. Kontoyannis (Greece)* 382

Aortopulmonary window associated with an anomalous origin of the right coronary artery, *M.H.J. Brouwer, G.C.M. Beaufort-Krol and M.D. Talsma (The Netherlands)* 384

BOOK REVIEWS

Diagnosis of Chest Pain, *edited by A.J. Miller, reviewed by D.B. Shaw* 387

Transseptal Technique: a Workbook, *edited by M.A. Nocero Jr, reviewed by T.R.D. Shaw* 387

A Practice of Cardiac Pacing, *edited by S. Furnam et al., reviewed by P. Holt* 388

Thrombolysis in Cardiovascular Disease, *edited by D. Julian et al., reviewed by H.C. Miller* 388

Meetings and Courses 391

Information for Authors 393

Supplement 1

Pharmacodynamics of enoximone during intravenous infusion, *R.A. Winkle, N.A. Smith, M.A. Ruder, R.H. Mead, C. Lebsack, T. Bekele, R.E. Kates, J. Rubin and R. Okerholm (U.S.A.)* S1

Acute pulmonary oedema: preliminary results of a randomized trial of the intravenous phosphodiesterase inhibitor, enoximone, vs conventional therapy, *D. Flammang, M. Waynberger, A. Chassing and A. Tarral (France)* S3

Addition of phosphodiesterase inhibitors to adrenergic agents in acutely ill patients, *J.L. Vincent, M. Léon, J. Berré, C. Mélot and R.J. Kahn (Belgium)* S7

Comparison of dobutamine and enoximone for low output states following cardiac surgery, *L. Orellano, M. Darwisch, H.A. Dieterich and V. Köllner (F.R.G.)* S13

Enoximone in severe heart failure: clinical results and effects on β-adrenergic receptors, *M.R. Bristow, D.G. Renlund, E.M. Gilbert and J.B. O'Connell (U.S.A.)* S21

Enoximone improves selection of candidates for urgent cardiac transplantation, *D. Loisance, C. Benvenuti, J.L. Dubois Randé, P. Deleuze, A. Castaigne and J.P. Cachera (France)* S23

Effects of enoximone on quality of life, *S.J. Baligadoo, H. Subratty, M. Manraz, A. Tarral, D.Maiti and M. Murday (Mauritius, France)* S29

Placebo-controlled trial of oral enoximone in end-stage congestive heart failure refractory to optimal treatment, *O. Dubourg, G. Delorme, A. Hardy, A. Beauchet, A. Tarral and J.P. Bourdarias (France)* S33

Effects of enoximone in patients with heart failure uncontrolled by captopril and diuretics, *A.J. Cowley, K. Stainer, L. Fullwood, A.F. Muller and J.R. Hampton (U.K.)* S45

Panel discussion S55
